DEPARTMENT OF CIVIL ENGINEERING

INTERNSHIP REPORT 2019-20

1) Industrial internship /summer training of more than two weeks and post training Assessment

Students undergo Industrial training for 4 weeks under the guidance of an engineer from industry and one faculty member from NKOCET, at the end of III year II semester during summer vacation. After the successful completion of Industrial Training, the students will submit a report which will be evaluated through viva voce by a Panel of examiners consisting of HOD, Internal guide and a senior faculty member.

2) Impact analysis of industrial training

Practical knowledge of the student in Civil Engineering is improved. This is ascertained based on review of the industrial training report submitted by the students and also through viva voce examination.

Potential industries for summer training are contacted and students are deputed to various industries for summer training. The details are provided in Table.
