HOD CSE

NKOCET,

Solapur

**Subject: -** Addition of Machine Learning track in Major Degree of Computer Science & Engineering.

Dear Sir,

I undersigned Director of Vspace Technology, Solapur have come across with the syllabus of Computer Science & Engineering of Dr. Babasaheb Ambedkar Technological University, Lonere. There will be huge demand for Machine Learning & Data Science engineers in coming days. To enhance the skills of under graduate student in Machine Learning a separate track of Machine Learning should be added in the syllabus of Computer Science & Engineering as a major degree.

This is for the suggestion & recommendation to Board of Studies, Computer Science & Engineering & IT.

Thanking You

Your Faithfully

Mr. Vishal Adheli

VSpace Technology, Solapur
