**Subject:** Appointment of consultant for the Heat Exchanger Design Project.

Dear Sir,

We are in the process of manufacturing of heat exchanger for the Methanol Recovery System.

Dr Sonage B.K visited to our plant and M/s Swaroop Industries in this regard and observed the set up of the plant.

Subsequent to his visit, we are pleased to appoint Dr. Sonage B.K as a consultant to supply the design of Methanol Recovery System.

This is for your information and necessary action.

Thanking you,

Mr. Amit Malge

Dear Dr. Shrinivas S Metan,

Greetings of the Day!

Department of Heavy Industry (DHI), Govt. of India, has taken initiative to promote innovation and to develop the related eco-system. To facilitate this initiative, DHI, through organization under its aegis, International Centre for Automotive Technology (ICAT) has launched its e-Portal, named "ASPIRE" (Automotive Solutions Portal for Industry, Research & Education).

In line with the vision of Aatma Nirbhar Bharat of the Hon'ble Prime Minister, The key objective of this initiative is "To enhance the technological capability of Indian automotive sector through exchange of knowledge & expertise, in order to make them self reliant and to facilitate the growth of automobile sector and overall socio-economic progress of the country".

This technology platform will facilitate the Indian auto industry (including OEMs, Tier 1 Tier 2 & Tier 3 companies), R&D institutions and *academia (colleges & universities)* to come together for R&D, technology development, shop floor/ quality/ warranty issue's resolution, expert opinions etc. on issues involving technology advancements. The ASPIRE e-portal ( <https://aspire.icat.in/> ) will act as one stop solution.

For promotion of ASPIRE at the R&D institutions and academia (colleges & universities) level, there has been a special committee formed called "*Education and Student engagement Committee*". This core objective of this committee will be.

1. Involvement of students in ASPIRE activities and circulation of ASPIRE activities amongst the student community.
2. Participation of students in various innovations, grand challenges, discussion forum, polls/quizzes and surveys.
3. Act as a mediator between the students and government in exchange and sharing of ideas.
4. Understanding the requirements of students and formulate the ways in which these ideas to be included under ASPIRE.

We would like to invite you to be the committee member of the "Education and Student engagement Committee".

Activate Windows

Best Regards,

**Bibhu Kumar**

Member Secretary, E&SE Board ASPIRE
