

# **N.K. Orchid College of Engineering and Technology, Solpaur**

## **Mechanical Engineering Department**

### **Self-Employment Sample Copies**

Mechanical Engineering Department at NKO CET, Solpaur strives for overall development of students and groom them in a way that they will be successful in imparting their skills in whichever career they want. Many students opt for placement, post-graduation and some opt for their own start ups or continue with their family business. We encourage and guide students in all above categories by identifying their choice and potential.

Following is the data of some of the students who either started their own start up or joined family business and helping it grow further.
